NGO "PORUCH. By Your Side" · Ukraine · 2026

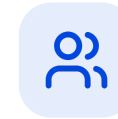

Every community has people who need support

Service members

Veterans

Family members

Internally displaced

Families of the fallen

Families of POWs &
missing

No community can manage alone — but within a national network it becomes possible.

A national space of support – on your territory

A digital ecosystem that connects community residents with a network of trusted services.

Single digital space

Benefits, payments, services and documents — in one app.

Standardized case management

Every case is led by a coordinator — from request to result.

Network of trusted partners

Medical, legal, psychological and social services.

Soldier and family together

Support reaches not only the soldier but the whole family.

Six benefits of joining

National network, locally

Residents get national-level services without traveling.

Free of charge

No spending on new infrastructure or licenses.

Full autonomy

The community decides what to use and how.

Less staff workload

Structured processes instead of manual work in chats.

Inflow of resources

Access to donors, grants and business support.

Transparency & reporting

Automatic reports for the council and donors.

Support – close by, without queues or trips

Single entry point

All services on your phone, no running between offices.

Psychological, legal, medical help

From specialized partners, without searching for experts yourself.

Family within the circle of support

Spouses, children and parents are part of the care.

Rehabilitation & reintegration

Support after active duty and return to civilian life.

People feel they are not alone – the community is right beside them in the hardest moment.

Care that strengthens the community

Social stability

Families of soldiers and veterans are not left alone.

Residents' trust

Visible care for defenders strengthens the community.

Families stay home

Local support keeps people in the community.

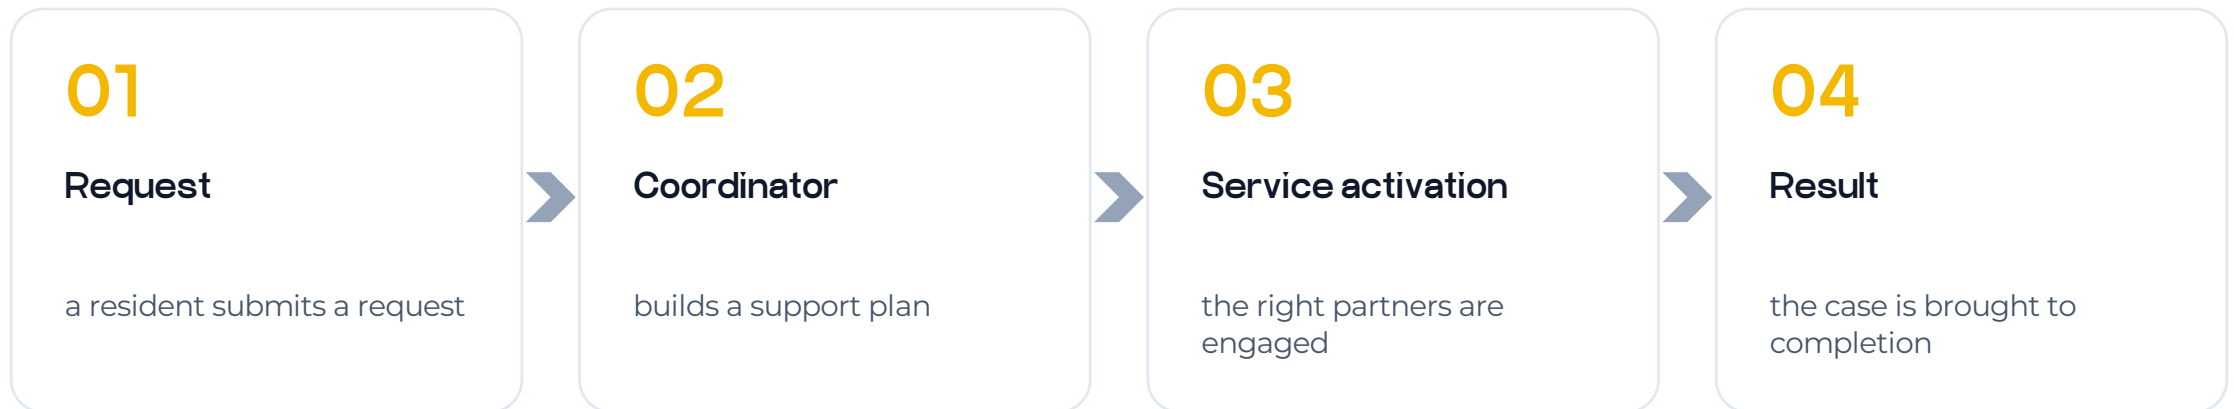

A leading community

An example of responsible attitude to those who defend us.

Simple for residents – transparent for the community

The community sees the full picture of its people — cases, needs, progress.

Partnership with no obligations

Free

Joining and using — at no cost.

No loss of autonomy

All decisions remain with the community.

No extra bureaucracy

Onboarding via a simple memorandum.

At your own pace

The community chooses the scope and speed of participation.

Four steps to start

01

Memorandum

Sign a cooperation agreement.

02

Coordinator

The community appoints a responsible person.

03

Onboarding

Set up the community on the platform.

04

Launch

Start supporting residents.
